RE: Request for Additional Information / Documents for Mortgage Application

Dear Galit Mazor,

Greetings, and thank you for your application for credit. We know how many options you have for your lending goals, and we appreciate this opportunity to serve you. However, we are unable to move forward with your mortgage application until we receive more information about the following:

Incomplete Application.

We need to resolve this gap in your mortgage application by 06/07/2025. If we are unable to resolve this by that time, we will regrettably be unable to give further consideration to your credit request.

Sincerely,

Daniel Adler
